Do you want to learn about creativity, innovation, and entrepreneurship?
Do you have ideas for enhancing innovation at Richmond?
Apply to be a UR Innovation Fellow for 2019 - 2020
Deadline: 2/8/19 @ 9 am

Innovation fellows will
- Fall 2019: Take part in a 6-week training session based at UR and run through Stanford University’s Design School to learn design thinking, lean methodology, and how to analyze a university ecosystem
- Spring 2020: Travel to Silicon Valley to meet with innovation leaders and a national cohort of fellows from other universities.
- Both semesters: Develop a collaborative CIE-themed research and design project
- Both semesters: Work with peers, faculty and administrators to create ways to enhance innovation, entrepreneurship, and creativity at UR. Serve as advisors to UR’s Creativity, Innovation and Entrepreneurship faculty committee.

Additional information
- Fellows will receive one unit of course credit for the year-long program
- All costs of the trip to Silicon Valley will be covered by UR
- Eligible students must be on campus during 2019 - 2020 (not studying abroad) and must be graduating in 2021 or later
- Undergraduates from all schools and areas of interest are encouraged to apply

How to apply
Submit an online application by 9:00 am on 2/8/19 at this link. https://richmond.ca1.qualtrics.com/jfe/form/SV_eDKdrtCNFMq8UrX

The application will request demographic and contact info, the names of three references, and brief responses to these questions:

1. What problem in the world are you most passionate about solving?
2. If you could redesign the way your school educates you and your fellow students, what would that look like?
3. Describe your best and your worst experience working on a team (note: we are looking for two examples.)
4. Tell us anything you want. What do you think we should know about you?
5. Tell us about a student at your school who you most admire and why.
6. The President of your school has just given a blank check. What would you do to increase the number of students exposed to creative innovation and entrepreneurial thinking at your school and why?
7. Imagine that you have an idea for a new course at your school. You have the opportunity to pitch your idea to administration. The administration tells you that they will put your idea in the 3-5 year strategic plan for the school. What do you do?
8. If you were to have one of the following superpowers, which would it be and why - to fly or to be invisible?
9. What do you want your legacy to be?
